NOTICE TO MENTAL HEALTH SERVICE CONSUMERS

We are advising you that your mental health services will be provided by _____ who is an unlicensed Postdoctoral Fellow working under the supervision of Dr. Joann Hendelman, Clinical Director of The Alliance for Eating Disorders Awareness. Your protected health information (PHI) and any other confidential information are protected in accordance with applicable laws and guidelines, even though the psychology trainee is being supervised. All supervisors must agree to maintain patient confidentiality. The exceptions to this protection are the same as would apply if you were seeing a licensed mental health professional. We may break confidentiality and either make reports to a protective agency or take steps to restrain you if:

- You report that you are dangerous to yourself or to someone else
- You appear unable to care for yourself
- You report that you or someone you know (by name) may be endangering children
- You report that you or someone you know (by name) may be endangering a dependent or elderly adult

We encourage you to discuss your treatment and other services you may receive with your therapist, _____ may be reached at_____. If you have an emergency, or if you cannot reach _____, please call 911 or 211.
